Lewis returns as one of 4A’s most dangerous dual-threats after a 2,400+ yard, 31 TD season.

East brings back its QB1 and a physical linebacker core. The question is who steps up outside. The Eagles’ 2026 slate features three straight road tests early and a midseason Cannon Game.

COACH EXPECTATIONS

QUOTE

“We have been putting in the work and preparing to have a strong season. We have a big senior class with multiple two and three year starters to help us win the cannon, win the league, and make a run at a state championship. We start the year with the toughest opponent in 3a and wouldn’t have it any other way”

BREAKDOWN

FINAL ANALYSIS

The Eagles are coming off a **5-5 season**, with 3 of those losses coming by 3 points or less. **2nd Team All State QB Dolphka Lewis** leads the way for returning players, as he was responsible for 31 touchdowns a season ago. East will have to replace its entire receiving core, but they believe they still have talent and speed aplenty. The defense should be solid with seniors **Dylan Cooper** and **Justin Robles** returning with plenty of production.
