COACH
EXPECTATIONS

QUOTE

“We expect our team to continually improve as the season progresses. We don’t have a ton of experience returning, but we have a great group of kids that love to compete and work hard to get better. We expect our guys to go out each week and play with great effort and intention.”

BREAKDOWN

FINAL
ANALYSIS

A new look Colts team will try and build upon a successful campaign a season ago. They will have to do so without their 3 year QB-WR tandem in Herrera and Pisciotta who have graduated. Junior **MJ Molina** looks to be the next signal-caller up, as he came in relief last postseason with a **153 yard passing performance.** **Landen Cordova** is primed to be a playmaker on both sides of the ball, as the teams leading returner in receiving and tackles.
