PUEBLO COUNTY #7

QB Brody Harrison returns to lead Hornets after 1375 passing yards, 14 TDs in 2025.

Pictured above is senior QB Brody Harrison, throwing at night in the green and gold. County returns nine starters on offense, including its top 6 rushers and nearly all pass catchers from last year's 7-4 squad.

COACH EXPECTATIONS

QUOTE

We feel good about where our program is heading this season. We return nine starters on offense and several key contributors on defense, so experience should be one of our strengths. At the same time, we know that returning players alone do not guarantee success. Our focus this offseason has been on continuing to build a tough, disciplined, and physical football team that plays hard every Friday night. Ultimately, our expectations remain the same as they are every year: compete for a league championship, earn a playoff spot, and see where things fall once we get there. We know there are quality teams throughout 3A football, and our league is going to be one of the toughest out there. We understand that success has to be earned every day. Our players have embraced that challenge, and we are excited to see what this group can accomplish.

COACHING STAFF • PUEBLO COUNTY

BREAKDOWN

FINAL ANALYSIS

Expectations should be high out on the mesa. The hornets return their QB, top 6 rushers, and all but one pass catcher from a year ago. Senior **Brady Ware** looks to lead the rushing attack, but there should be more touches for fellow senior **Orlando Rodriguez** who battled through injuries last season. While a few pieces on defense will need to be replaced, this is a team that should expect to **compete for a league championship and make a postseason run.**
