Younger core, Bell owners trending up. Competitive in 3A LEAGUE C.

FINAL ANALYSIS

“The cats understandably took a step back last year, after losing some major contributors on a veteran 9-3 squad. This is a younger team, but they have some guys back who should be more comfortable this upcoming season. QB **Zion Aguilar** returns for his Junior year, and we expect a few new playmakers to be more involved. While the schedule isn’t easy, expect the current Bell owners to compete and improve off of last season.”
